

Adult Briefs

First Quality Adult Briefs: New Advanced Zoning System (AZS™)

Zone 1: Targeted Acquisition Zone — New core design incorporates faster absorbing acquisition layer that increases acquisition rate and skin dryness by 25% to 40% (depending on the brief style), therefore promoting odor control, healthy skin and wearer comfort.

Zone 2: Fecal Containment Zone — Scientifically designed to lock up loose stool, maintaining healthy skin pH balance.

Zone 3: Frontal Zone — Beneficial feature for bowel and bladder training programs. No more throwing away of soiled briefs, which equals beneficial cost savings.

Frontal Zone ensures convenient reseal-ability for improved fit and accurate sizing. (AZS™ has been incorporated into the Prevail® T, Protective Underwear, Breathable, IBF, IB and PF series.)

Prevail® Full-Mat Briefs by First Quality

- Fluff extended into the wings for complete coverage.
- Ultra absorbent core provides maximum incontinence management and excellent skin care.

13133100	Prevail® Large/X-Large	43" - 61"	4 bags of 18 (72 ct.)

Adult Underwear

Adult underwear is designed to look and feel like real underwear and protect against moderate to heavy incontinence. It is ideal for daytime use and suitable for active and independent wearers.

Prevail® Protective Underwear by First Quality

This moderate to heavy protection incontinence product is ideal for women and men who want the look and feel of underwear.

- Includes new AZS™ (Advanced Zoning System™) for maximum targeted absorption.
- Soft, stretchable, cloth-like back sheet provides an incredibly secure and comfortable fit.
- Application is easy, just pull them on.
- The Super Absorbent Protective Underwear shares the same features but is targeted for night-time and heavy bladder control loss.
